HOW WALL BALL SUPPORTS ARTSCOPE

Wall Ball is a pillar of Artscope. Situated in a charming historic cottage in Tower Grove Park, Artscope has empowered numerous children, allowing them to explore and enhance their artistic talents both within and outside of school. Through our grassroots efforts, we have helped foster the development of children's artistic skills and social, problem-solving, emotional, and community-building abilities in a safe, nature-based environment. Artscope has nurtured and inspired talent in STL youth since 2002.

HOW YOUR WALL BALL CONTRIBUTION HELPS ARTSCOPE:

1

Support working artists & arts education

Artscope programs are taught by local, professional artists who are also educators. We value their work and believe they should always be paid a living wage, allowing them to continue inspiring the next generation of creators while advancing their artistic endeavors outside of Artscope.

2

Purchase quality art supplies

While we remain committed to creatively reusing materials and recycling, Artscope children deserve access to abundant, high-quality art supplies. Your sponsorship helps us ensure that every child in our programs has the resources they need to create without limitations.

3

Provide scholarships & financial flexibility

Artscope reserves spots for scholarships in our Summer Camp and School's Out programs, ensuring children from financially struggling families can participate. Your sponsorship directly supports these scholarships, with up to 20% of summer registrations dedicated to these families.

4

Create equitable & accessible programming

We are dedicated to keeping these programs affordable and accessible to all families, ensuring that every child in St. Louis has the opportunity to engage in impactful arts education, especially in communities where such opportunities are often out of reach.
